32. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you first saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you last saw it.

33. In the following larger sketch place on "A" at the position the object was when you first saw it, and a "B" at its position when you last saw it. Refer to smaller sketch as an example of how to complete the larger sketch.

## U. S. AIR FORCE TECHNICAL INFORMATION SHEET

This questionnaire has been prepared so that you can give the U. S. Air Force as much information as possible concerning the unidentified aerial phenomenon that you have observed. Please try to answer as many questions as you possibly can. The information that you give will be used for research purposes, and will be regarded as confidential material. Your name will not be used in connection with any statements, conclusions, or publications without your permission. We request this personal information so that, if it is deemed necessary, we may contact you for further details.

1. When did you see the object?	2. Time of day: 77 Minutes
Day Month Year	(Circle One): A.M. or P.M.
3. Time zone:	
(Circle One): (a. Eastern	(Circle One): a. Daylight Saving b. Standard
b. Central	(b. Standard
c. Mountain

## U. S. AIR FORCE TECHNICAL INFORMATION SHEET

This questionnaire has been prepared so that you can give the U.S. Air Force as much information as possible concerning the unidentified aerial phenomenon that you have observed. Please try to answer as many questions as you possibly can. The information that you give will be used for research purposes, and will be regarded as confidential material. Your name will not be used in connection with any statements, conclusions, or publications without your permission. We request this personal information so that, if it is deemed necessary, we may contact you for further details.

-		
	1. When did you see the object?  27  Day  Month  Year	2. Time of day: 1026  Hour Minutes  (Circle One): A.M. or RM
	3. Time zone:  (Circle One): a. Eastern b. Central c. Mountain d. Pacific e. Other	(Circle One): a. Daylight Saving b Standard
	4. Where were you when you saw the object?  Nearest Postal Address 5  Additional remarks:	misfield, Theo (trust west of the tent)  City or Town State or Country
	5. Estimate how long you saw the object.  disappeared en	Hours falling stan, But not as fort on fort on fort
	b. Fairly certain	c. Not very sure d. Just a guess
	6. What was the condition of the sky?	
	(Circle One): a. Bright daylight b. Dull daylight c. Bright twilight	d. Just a trace of daylight  e. No frace of daylight  f. Don't remember
	7. IF you saw the object during DAYLIGHT, T the object?	WILIGHT, or DAWN, where was the SUN located as you looked at
	(Circle One): a. In front of you b. In back of you c. To your right	d. To your left e. Overhead f. Dan't remember
