ATIC FORM 329 (REV 26 SEP 52)

MPI

SUBJECT: Unidentified Object

TO:

Commander
ATTN: Air Technical Intelligence Center
Wright-Patterson Air Force Base, Ohio

- 1. Unidentified object inclosed herewith is forwarded for evaluation.
- 2. Object was found in field near Frenchman's Bayou, Arkansas, thirty-two (32) miles north of Memphis, Tennessee. The field has gumbo type soil and this type rock or metal is not native to area.
- 3. Mr. Something of field, turned the object over to a representative of this station. He stated he understood the Air Force was looking for material that may have re-entered from outer space.
- 4. Request this office be advised of results of evaluation.

INSTRUCTIONS FOR PREPARATION OF AF FORM 332

1. Date work order request is prepared.

2. Number assigned in sequence by the Air Installation Officer as work order request is received.

Section I .- ORGANIZATION COMMANDER

- 3. Name and phone number of organization making the request.
- 4. Building number, utility system, and the like on which the work is requested.
- 5. Clear, concise description of the work required.
- 6. Reason for necessity of the work. Signature of the Organization Commander implies the nature of the work is not prohibited by current Air Force directives. Normal justification requirements are:
 - (a) Essential to make services, supplies, equipment, transportation, or training facilities available to troops.
 - (b) Prevent a breakdown of functions.
 - (c) Reduced to essentials.

Section II.—AIR INSTALLATION OFFICER

- 7. Estimated cost of labor to perform the work.
- 8. Estimated cost of materials required.
- 9. Estimated cost of real estate facilities equipment to be installed.
- 10. Estimated cost of equipment other than real estate facilities to be installed.
- 11. Total of items 7, 8, 9, and 10.
- 12. Estimated date work can be completed under current work program schedules.
- 13. Pertinent remarks by the Air Installation Officer and/or individual preparing the estimate.
- 14. Real estate facilities cost account code to which work is chargeable. No entry is made in this space for disapproved work order requests.
- 15. Number assigned to the work order. No entry is made in this space for disapproved work order requests.
- 16. Recommendation of the Air Installation Officer to the Base Commander for approval or disapproval of the request. Accomplishment of this item is not necessary for requests which the Air Installation Officer is authorized to approve.

Section III.—BUDGET AND FISCAL OFFICER

17. Notation of appropriate funds to be used for performing the work. When organization funds, other than real estate facilities funds, are chargeable, the appropriation and project number of the applicable funds are cited.

Section IV.—BASE COMMANDER

18. Indication of approval or disapproval of the request and signature of the Base Commander or his authorized representative.

SUBJECT: Unidentified Object

Commander

Memphia Air Force Depot

Attn: Lt. Col. H. C. Gowdey, Inspector

Mallory Air Force Station

Memphis, Tennessee

- 1. Reference your letters, subject: 'Unidentified Object', dated 13 November 1958 and 21 May 1958.
- 2. The ATIC regrets the long delay in answering your letters. However, this was due to an administrative oversight.
- 3. Freliminary analysis of the object referenced in your letters determined it to be of motocric origin. The low priority of that perticular phase of scientific research at that time resulted in this item being disposed of in a routine manner.
- 4. Due to recent increase in scientific research associated with outer space, efforts are under way to recover this item for further analysis. If this recovery effort is successful, your office will be immediately advised of any further findings concerning this item.

FOR THE COMMANDER:

H. K. CILBERT Colonel, USAF Deputy for Science and Components
